FRESHERS HELP DESK

23th – 25th September

As we have experiences, Moodle and Portico can be tricky to understand at first. Let us take away some of the stress of enrolment by answering any of your queries. Plus, when the time comes to choose your modules, we'll be on hand to talk you through the whole process, in addition to giving out first-hand advice.

MEET YOUR MENTOR SESSION AND FRESHERS PARTY

24th September
2pm – 6pm

The Meet Your Mentor session is an opportunity to meet your transition mentors and your mentor group, which you will meet weekly to help ease your transition into college life.

Although we hope you would have seen us around, the Fresher's Party is geared towards you familiarising yourself with the members of the society, in addition to asking any questions you may have! Staff will be on hand also, so it serves as a good opportunity to accustom yourselves to the people you will be seeing frequently throughout the year!

INTRODUCING SPORTS NIGHT

24. September / Phineas

Known to be one of the craziest, messiest and most sociable nights at UCL, join The Economist's Society for the first Sports night of the year. You may be thinking Sports night? The Economist's Society? Yes, that's correct. You don't have to be part of a sports team to be part of one of the nights out in UCL, and this is currently a hit amongst the second and third year economists. Don't miss out on a great opportunity to have a great time with the economists across the years.
